Personal Statement for Emergency Humanitarian Intervention and Special Asylum

TO: China Aid Association (ChinaAid) / Congressional-Executive Commission on China (CECC)
APPLICANT: LI Yi **DATE:** May 28, 2026 **SUBJECT:** Emergency Request Regarding Systematic Persecution and "Civil Death" of LI Yi and Family Based on Political Lineage

I. STATEMENT OF PURPOSE

I, **LI Yi**, a former sales professional at prominent multinational corporations (IBM, Ingram Micro), formally submit this request for emergency humanitarian assistance. Due to my lineage as a descendant of **Mr. LI Zongren**, the former Acting President of the Republic of China (ROC), my family and I have been subjected to years of political framing, military-grade intimidation, and selective judicial persecution by the Chinese Ministry of State Security (MSS). We are currently in a state of existential crisis.

II. BASIS OF PERSECUTION: IMMUTABLE POLITICAL LINEAGE

The root of my persecution lies in my hereditary identity:

- **Family Background:** My grandfather, LI Changguang, was the nephew of Mr. LI Zongren (Vice President and Acting President of the ROC). Multiple family members served as high-ranking military officers or diplomats for the Nationalist (KMT) government.
- **Political Categorization:** Based on this "political original sin," I have been classified by the CCP security apparatus as a "potential hostile force." My professional history with Western multinational corporations has been weaponized by authorities to fabricate charges of "espionage" and "subversion of state power."

III. METHODS OF PERSECUTION: MULTI-DIMENSIONAL MILITARY & HIGH-TECH INTIMIDATION

Since March 2019, the authorities have implemented comprehensive psychological and physical suppression, specifically utilizing extreme noise disturbance to enforce long-term sleep deprivation:

1. **Military-Grade Psychological Warfare (Afterburner Maneuvers):** Authorities frequently dispatched J-20 fighter jets to conduct low-altitude maneuvers directly over my residence during late-night and pre-dawn hours, intentionally engaging **engine afterburners**. The resulting deafening roar and structural vibrations were designed to shatter the mental fortitude of my family. **(Attached: Video evidence of late-night jet maneuvers).**
2. **Targeted Late-Night Violence:** In coordination with aerial intimidation, security agents repeatedly ignited high-decibel pyrotechnics directed at my windows during the night. These explosions created fire hazards and, combined with the jet noise, resulted in chronic terror and severe insomnia for my entire household. **(Attached: On-site video evidence).**
3. **Ubiquitous Drone Surveillance:** Authorities maintained 24/7 surveillance via drones hovering outside my windows to voyeuristically record my private life. **(Attached: Drone surveillance footage).**
4. **Operational Infiltration:** Security agents leased adjacent apartments (same floor and opposite) for constant monitoring, committed arson in the hallway, and stole personal property, including a Traditional Chinese version of the **Holy Bible** and rare signed books by the author **Pai Hsien-yung**.

IV. JUDICIAL PERSECUTION & "CIVIL DEATH"

The state has manipulated administrative and judicial powers to achieve my "targeted elimination" from society:

1. **Manipulation of Credit and Judicial Records:**
    - **The Contradiction:** I possess original **scanned copies of court-issued judgments and asset freeze notices**. However, my **official credit report anomalously displays a "Good" rating**, and all records of these cases have been scrubbed from official databases (e.g., China Judgements Online).
    - **The Objective:** This "data laundering" is not an act of leniency; it is a calculated move to place me in a **"legal vacuum."** By erasing the records of my liabilities and freezes, the state has deprived me of the legal standing to settle debts, reclaim assets, or provide evidence of state-led property seizure, effectively achieving my **"Civil Death."**
2. **Administrative Blocking of Creditor Rights:** Conversely, for cases where I prevailed as a creditor, the courts—under administrative pressure—have refused to execute judgments, resulting in the indefinite freezing of my legitimate assets.
3. **Economic Strangulation:** When attempting to subsist as a ride-hailing driver, the authorities utilized "shadow banning" algorithms to block all incoming orders, enforcing total economic isolation.

V. HUMANITARIAN CRISIS & SAFETY OF MINORS

- **Targeting of Children:** My minor child has faced systematic bullying and **death threats** (including threats of "execution") from students with military/police backgrounds at school.
- **Health Status:** Prolonged persecution has resulted in a diagnosis of **Clinical Depression**. **(Attached: Medical certification from a Class-A hospital).**

VI. CORE APPEALS

Although I have reached Turkey, I remain acutely aware of the CCP's pervasive **transnational repression**. I respectfully urge your organizations to:

1. Review the provided evidence, including **jet/drone surveillance footage** and the **discrepancy between original court documents and manipulated state databases**.
2. Provide humanitarian intervention to assist my family (parents and child) in obtaining **special visas** to a secure territory.

I swear that the above statement is true and correct to the best of my knowledge and am prepared to bear legal responsibility for its contents.
